

### **New Citizens Complaint Procedures**

As Teller County Sheriff I have created and implemented a new “citizen’s complaint” form and procedure. Any citizen who has a complaint against an employee of the Sheriff’s Office will be asked to fill out a citizen’s complaint form, and be willing to be interviewed by an investigator/supervisor. For adequate civil rights protection of the citizen as well as the employee this procedure will ensure that all will be treated fairly, equally and within the scope and spirit of the law.
